

Krystyna Ohnesorge studied computer science and mathematics at the Technical University of Berlin and received her PHD in computer science at the University of Zurich. After her doctoral studies, she was responsible for managing project portfolios at large Swiss banks. Since the end of 2004, she has been a member of the Executive Board of the Swiss Federal Archives (SFA) and Head of the Information Preservation Division. She is in charge of the further development of the digital archives at the SFA. Furthermore, she is a lecturer in digital preservation for the program MAS in Archival, Library and Information Science at the University of Bern and at the Haute École de Gestion de Genève. In addition, she heads the Working Group on records management and digital preservation within the Swiss Archivist Association.
